

NeuralMind is offering 2 positions for the summer internship 2025-2026 with the following subject:

Document Information Extraction

This project uses the latest Generative AI tools and it will be developed in a home-office environment with a mentor to supervise his/her work while the student works with a team of developers.

The minimum period of the internship is three months, expected to start December 1st, but can be flexible depending on the academic schedule.

The stipend for working 30 hours per week is R\$ 2.500,00 per month plus other benefits.

The application can be done by sending an email to talentos@neuralmind.ai with the subject "Summer Internship 2025"

Please enclose your CV and Academic Records.

Join us in shaping the future of AI-driven products and projects. We eagerly anticipate the unique insights and expertise you'll bring to our team.

Roberto Lotufo
CTO, NeuralMind
